## CAREER OBJECTIVE

To secure an entry-level position in the IT industry as a Software Developer, Web Developer, or AI Engineer, where I can apply my technical expertise in Artificial Intelligence and Web Development to drive innovation, solve real-world problems, and contribute meaningfully to organizational success while continuously growing as a technology professional.

## PROFILE SUMMARY

A highly driven and ambitious aspiring IT professional with a strong academic foundation in Computer Applications and a specialization in Artificial Intelligence. Equipped with hands-on experience in Python, Java, web technologies, and database management, I bring a blend of technical proficiency, analytical thinking, and collaborative problem-solving skills. Committed to leveraging my capabilities to deliver impactful solutions and contribute to organizational growth, innovation, and long-term success.

## EDUCATION

### Master of Computer Applications (MCA)

Parul University, Vadodara  
**Specialization:** Artificial Intelligence

**2025 – 2027 (pursuing)**  
*Currently Pursuing*

### Bachelor of Computer Applications (BCA)

Natubhai V. Patel College of Pure & Applied Science  
*Affiliated with Sardar Patel University, Anand*

**2020 – 2023**  
*Completed*

## TECHNICAL SKILLS

### Programming Languages

Python • Java • C++ • JavaScript • PHP

### Web Technologies

HTML5 • CSS3 • JavaScript

**Operating Systems:** Windows

### Database Management

MySQL

### Core Areas of Expertise

**Artificial Intelligence • Web Development**

## ACADEMIC PROJECTS

---

### AI-Powered Chatbot |

- Developed an AI-powered web application integrating OpenAI APIs to deliver intelligent and interactive user experiences.
- responsive frontend design, secure API integration, and dynamic data handling to enable real-time AI-based responses and seamless user interaction across multiple devices.

### Hostel Help Desk Web Application

- Developed a responsive Hostel Help Desk web application to manage student complaints, room allocation, and hostel support services efficiently.
- Implemented secure user authentication, complaint tracking, and database management using MySQL to enhance communication between students and hostel administration while ensuring a seamless user experience across devices.

## CORE COMPETENCIES & SOFT SKILLS

---

|                                                                                                                                                                                                               |                                                                                                                                                                                                                     |
